

## Philadelphia Area - ECE Facilities - Construction and Design Professionals List

This list of design and construction professionals in the Philadelphia area have worked on successful Fund for Quality (FFQ) projects in the past.

We share this list as a resource. We cannot guarantee the quality of work of any professional on any individual project, and will continually update this list based on recommendations. FFQ participants are not required by the program to work with professionals on this list. Any contract for an FFQ project will be between the child care provider and the contractor.
